The long-looked-for and much needed rain came last night.

L. P. Cord has come in from Gerta and opened a law shop in Aberdeen.

R. A. Lindsay has sold to D. G. and H. P. Wilson a lot in Orangeburg for \$350.

It is reported that Mr. William Spromberg will soon erect a laundry building on Commerce street between Second and Third, Fifth Ward.

Before buying a gun elsewhere allow us to suggest that you call on Mitchell & O'Hare. They place on sale their entire line at unprecedented low prices.

The freight business on the C. and O. is certainly on the increase, judging from the number of trains being run. Yesterday thirty-five trains passed through this city, all freight.

There were as many as four trains in sight at one time. The passenger business is also heavy, as nearly every train that passes this city is crowded.

"Jumbo" Luman, that jolly giant, who manipulates the bellows and alarm clock on the electric railway line, took a day off yesterday. Armed with a shotgun and a dog he went forth to capture rabbits and squirrels and doves, but at 5:30 last evening he came in, footsore and weary, bringing a couple of small fish. He won't tell where he shot them.

James Wilson indulged in a plain jag, and Judge Wadsworth set the price at \$1 and costs.

Joseph Crawford, of the grocery firm of Crawford & Cady, is recovering from a severe spell of sickness.

Officers of election can get copies of the amended election law by calling at the County Clerk's office.

The firm of Owens & Barkley began business in this city January 1st, 1894, with a paid up capital of \$15,000.

During the past seven days there were 281 failures throughout the United States, as compared with 332 the corresponding week last year.

The Bulletin ought to have told its readers that "Senator Lindsay was escorted from the Depot to the Central Hotel"—in a streetcar.

Mitchell & O'Hare are authority on guns. If you want one that excels in finish, good workmanship and the shooting qualities call on them.

The Republican Congressional Committee is said to be endeavoring to induce D. G. Colson to withdraw from the contest in the Eleventh District.

S. P. King, Republican candidate for Inferior Director in Brown county, O., died suddenly Saturday evening of paralysis of the bowels. He was 77, and one of the best known citizens of Southern Ohio.

There was no truth in the reported tragedy at Lewinsburg Sunday night. The murder took place at Flemingburg Saturday night, as stated in yesterday's Ledger, and some one got the localities mixed.

It is reported that Dick Kyle, a former Lewisburg boy, better known as "Wine Bob," who embezzled \$75,000 from the Anderson-Harris Company at Cincinnati, is located in Cape Town, Africa, and that he is again making money.

The registration in Chicago this year is nearly 6,000 more than in New York, and the Chicago newspapers refer to this as evidence that the Windy Wonder has passed the Eastern metropolis in population as well as in territorial expansion.

Yesterday afternoon as Dave McMillen and John Silits were sitting in a turnip patch on Newgate's hill, resting from hunting all the afternoon, they saw what appeared to them at first sight a shepherd dog coming toward them.

When it had crossed the deep ravine and had jumped over the fence into the field where they were, it proved to be a large red fox. Dave McMillen opened fire from a double-barrel shotgun and killed it. The animal is a very large one, and was started up over the hill by a little negro boy.

WHO TO VOTE FOR.

CANDIDATES PRESENTED BY THE REPUBLICAN PARTY.

Brief Sketch of Captain Morris C. Hutchins, Our Candidate for Judge of the Mason County Court—A Good Soldier and a Good Citizen.

Captain Morris C. Hutchins, the Republican candidate for Judge of the Mason County Court, was born in Mayville, Ky., April 12th, 1842.

He was educated at Rand & Richmond's Seminary and the Ohio Wesleyan University at Delaware, O.

Under President Lincoln's call for 75,000 men for three months he enlisted May 31, 1861, as a private in Captain John R. Burd's Company of "Greenup Infantry."

Kentucky's quota having filled, that command was discharged May 27th, 1861.

He again enlisted as a private June 11th, 1861, for three years in Captain Warner Spencer's Company D, Second Kentucky Infantry, and participated with that command in the campaign in West Virginia in the summer and fall of 1861.

He was recommended by Generals W. S. Rosecrans and J. D. Cox in December, 1861, to the Military Board of Kentucky for promotion for meritorious conduct, and was commissioned Second Lieutenant of Company I, Sixteenth Kentucky Infantry, December 19th, 1861, promoted to First Lieutenant of the Company September 3d, 1862, and to the rank of Captain August 1st, 1864.

He was appointed Aide-de-Camp and Inspector General of the First Brigade, Third Division, Twenty-third Army Corps, November 1st, 1864, and served in that capacity in the famous battle of Franklin, Tenn., November 30th, 1864, and in the field reports of that battle is specially mentioned for "valuable and gallant conduct," and was mustered out of the military service August 2d, 1865, after an almost continuous service of over four years.

Returning to Mayville, Mr. Hutchins studied law in the office of Hon. W. H. Wadsworth and was admitted to the bar in 1869.

He served the people of Mayville two terms as Mayor, was Master Commissioner of the Mason Circuit Court four years, and was Postmaster of this city by appointment of President Garfield.

In every position that he has been called upon to fill he has given satisfaction, and has left a good record.

He was once a candidate for the State Senate, being defeated by only a few votes, and recently came out beating a popular Democratic candidate for the Legislature.

Mr. Hutchins is well qualified for the office of County Judge, and if elected he will deal justly, impartially and courteously with all who have business in that Court.

Eastern merchants sales agents have decided to advance prices and put no limit on the production. Hereafter they have depended upon the limitation to maintain and even advance prices.

Dr. Hume of Frankfort has pronounced Bert Shackelford, the six-year-old child of Widow Olick Shackelford, as suffering from hydrophobia. The child was bitten three weeks ago by a mad dog.

The prospects for a big Republican victory in Kenton county were never as bright as now. They realize that this opportunity of their lives is at hand, and are leaving no stone unturned to secure that end.

HERE'S A PRETTY MESS.

No Way Left Now of Preventing Vote Repeating.

Our friends the Democrats have repeated the Federal Election Laws, and here is how the floodgates of fraud have been opened up because of it.

A telegram from Kansas City, Mo., says, according to a decision by Assistant United States District Attorney Draffon, repealing at the November election can go on uninterrupted at infinitum without the slightest danger of prosecution of offenders by the United States authorities.

The opinion was given on the application of Chairman Olson, of the Republic County Central Committee of Jackson county, for warrants for the arrest of certain persons who had been detected registering twice or three times under assumed names. After careful investigation and research into the statutes bearing on the elections, Mr. Draffon said:

"I have been unable to find anything in the statutes authorizing the United States to punish persons for fraudulent registration, except Section 5313 of the revised statutes, known as the Crimes Act. I find that this section has been repealed."

Mr. Draffon then read from the Congressional Record sections which showed clearly that this section had been repealed. He added: "Under the circumstances, I can do nothing except to refer Mr. Olson to the Prosecuting Attorney of the county."

"If a man should vote twice or three times, as 'Pinkie' Blitz, who was convicted last year for so doing, can be punished," Mr. Draffon was asked.

"No. Not in the United States Court."

"Then the Government cannot interfere in an election, even when the election of a Congressman is involved?"

"According to this construction, it cannot."

According to the conclusions reached by Mr. Draffon, any person may vote as often as the judges may let him with a certainty that he will not answer for it before Judge Phillips.

The time to appear at the County Clerk's Office and register will be today and tomorrow.

If you can't get there today, go tomorrow—whether you can or not.

CARLISLE'S DILEMMA.

The Incident of Mr. Morton's Coachman Costing Democrats Votes.

The Administration would be very glad to get out of the dilemma of having to carry out the program of small policies involved in the transportation of Mr. Morton's coachman.

The report of the special Committee of Immigration Inspectors in this case was received at the Treasury Department yesterday, and will be placed before Secretary Carlisle today.

It is stated that Mr. Morton will be given an opportunity to be heard on the subject by an attorney, as the report is favorable to the transportation of Howard, the coachman.

This case has caused the Administration much chagrin.

The charges against the coachman were begun for the purpose of injuring Mr. Morton's administration in the Presidential contest, but it has turned out to be a boomerang now coming back on the Democrats.

The Administration realizes that its course toward Mr. Morton is regarded by all fair-minded people as being a species of persecution, and shows to what extent the Democrats are willing to resort to small politics.

A great many protests have been received at the Treasury Department from New York Democrats, asking that the case be disposed of with as little delay as possible in order that it may pass from the public view.

The New Yorkers have stated that the talk about the matter is causing many to take the part of Morton, and is doing votes for the Democrats, while it is doing nothing to increase their strength. It is expected that the case will be disposed of today.

Mr. Morton is treating the incident as of little importance and with the dignity for which he is well known.

COLT'S COURT.

The Colonel's Story of the Riot at Washington C. H.

Military Directed to Take Full Charge of the Jail and Courthouse

And Clear the Buildings and Grounds. To the All Forces and Power at Court. The Crowd Repeatedly Remonstrated With Before Its Orders to Fire.

COLUMBUS, O., Oct. 30.—The official report of Col. A. B. Colt, commanding the detachment of the Fourteenth regiment which did duty at the Washington C. H. riot, has been submitted to the governor as commander-in-chief of the Ohio National Guard. After relating the facts incident to preparation and the arrival of the detachment, Col. Colt says that when they arrived at the courthouse and jail they found a large crowd of citizens about the jail where they were confined and Court House. Fourteenth, Capt. Vincent, with twenty-four men, on duty.

The sheriff then directed me to take full charge of the jail and the courthouse, authorizing me to clear the buildings and grounds, and to take the prisoners to the jail. I attempted to take the prisoners, Doherty, from the steps of the courthouse, and I used all the force and power at my command. I was unable to hold the crowd back, and the crowd came on me. I was shot in the back by a man named Doherty. I was taken to the hospital and died there.

At 8 p. m. a number of the leaders of the crowd sent me and pleaded with me to let them go. I refused. I was shot in the back by a man named Doherty. I was taken to the hospital and died there.

WHISKY FROM MOLASSES.

Greatest Distillery in the Country to Produce This Kind.

New York, Oct. 30.—One of the organizers of the great White Spirit Co., which filed articles of incorporation at Trenton, N. J., on Friday, says the company's plant has been under construction at East Boston, Mass., for a year and a half. It is the largest single distillery in the United States. It will commence the production of spirits January 1, and operate to the capacity of one thousand barrels per day. The product will be made from molasses by patents controlled by the company. The company owns a line of steamboats, also wharves and other facilities, which will materially reduce the cost of operations.

The company has no affiliation whatever with the Distilling and Cattle Feeding Co. It will have its own distributors in all commercial centers. It has no business relations with the National Distributing Co., or the American Distributing Co. The company has plantations in the West Indies and Brazil, where it will produce its raw material. Richard C. Wiley of New York, one of the organizers of the United States Rubber Co., will probably be the president of the new company.

DESTRUCTIVE FIRE.

Millinery and Notion Company Loses \$200,000—Falls in a Theater.

PITTSBURGH, Pa., Oct. 30.—A J. Porter & Co., wholesale dealers in millinery and notions, were burned out Monday night. Porter & Co.'s loss on stock is \$200,000. The building, owned by J. J. Jones, a local manufacturer, was valued at \$50,000.

Several of Porter's clerks were present, but none of them would open their mouths when asked if the stock was insured. Their action caused much comment.

The Porter building is located between the Academy of Music and the Seventh Avenue hotel. The flames broke out there was a mad rush on the part of the audience to reach the exits. For a time it looked as though there would be a panic.

At this juncture Manager Harry P. Williams appeared on the stage and pleaded with the people to take no action, as there was no immediate danger. Many of the audience were attracted by the manager's eloquence, and a further rush was avoided.

A PROTEST.

The U. S. Sends an Official Note to the German Government

Against the Embargo Placed on American Meats and Cattle.

Secretary Morton Favors the Establishment of a League of Restrictive Ships and Inspection and Stamping by the Government of Meats Sent to Europe.

WASHINGTON, Oct. 30.—The official protest of the United States against embargo on American meats and meats has been forwarded to the minister in Germany for presentation to the German government. Secretary Gresham takes a hopeful view of the situation, but those who know the temper of Germany look for an additional decree barring out American pork. There appears to be a misunderstanding as to just what has been shut off by the last decree. Secretary Morton said Monday that he thought it referred to live cattle only. Secretary Gresham said he thought it included live cattle and dressed beef. At the German embassy the ambassador took his instructions from his desk and read: "Live cattle and fresh meat," so that Secretary Gresham is doubtless right.

The protest was asked if the prohibition would be raised should it be shown that there is no Texas fever in stock shipments. He replied that he thought it was not a matter of Texas fever, but of the general health of the stock. He said that he had no instructions to that effect, but that he would get my instructions and obey them; that is all.

Secretary Morton was at his desk Monday morning, it being his first appearance since his return from Europe. He said the matter was of such recent occurrence that he could not talk much about it until he had examined the subject.

The prohibition which had been imposed by Belgium, he thought, would be of but short duration, for on the 11th of this month Minister Fling at Brussels and Consul Roosevelt told him that were the indications, the prohibition having put up the price of meat in Brussels to such an extent that the people were protesting.

The cause for this action on the part of the authorities was said to be the discovery of pleuro-pneumonia in American cattle.

"Concerning the German prohibition," continued Mr. Morton, "I will say that the American people are interested in the control of the meat market. We put beef, pork and mutton—ought to put a corporation and put about a squadron of refrigerators ships, if necessary, and sent nothing to Europe but our dressed meat, all of which bears the inspection stamp of the government. Then there is no danger, and there would be more profit in the work for the pickers."

TWO FACILITIES AT HOLMERS.

DELAWARE, Oct. 30.—John J. Donnell, an employee of the Erie Railroad, was instantly killed by a train Monday morning while overcrossing some track repairing the switch.

The second fatality occurred later, John Gannon, of Wilson Ford, O., also being killed by a big four passenger train. The very dense fog prevented both the victims and the engineer from avoiding the accident.

Have you a baby

that is making you old before your time with worrying? Is it weak, delicate, puny? Are you fearful lest it be taken from you? Mother! Will you read this letter about

Brown's Iron Bitters

It is genuine—not paid for or even solicited—and the writer is the happiest woman in New Orleans.

Enclosed you will find a photograph of my youngest boy, Clarence. He was sick about seven months; nothing cured him but Brown's Iron Bitters. He is now a year old, well and hearty. I cannot say much in praise of Brown's Iron Bitters.

Mrs. L. LEVINGSTON.

This letter was written on July 25th, this year. Have you a delicate child? Life for many children in Brown's Iron Bitters!

The Genuine has the Crowned Red Lion on the wrapper.
